Please e-mail your completed funding request to fodh@fodh.co.uk

SCHOOL REQUEST - Name of Teacher

James Bennett (Head of Boys Sport)

PARENT/PUPIL REQUEST - Name

DATE OF REQUEST

08/05/18

DESCRIPTION OF WHAT FUNDS ARE FOR

A new large electronic LCD screen that can be used for all sports in order to present scores, as well as show live footage from matches as well as replays etc. The main use will be to show scores for matches in cricket, netball, football, rugby, hockey and swim galas. The screen is fully weatherproof and comes complete with apps for all sports, allowing coaches to show children live play from matches and training sessions. It will also be linked to the school wifi for marketing purposes, as well as showing supporters tournament information and scores on tournament days. It is fully synched with Netflix and other online sites such as Youtube and can be used for outdoor cinema evenings on the fields. The screen will replace the old cricket scoring board by the pavilion which is a permanent structure and consequently cannot be used for all sports, for all the children. The company chosen is at the forefront of interactive sports screen technology and has recently installed its top of the range HD screen at KCS Wimbledon, City of London Freemans and Stowe school, as well as being contracted to provide screens for international stadiums in South Africa and Caribbean stadiums.

VALUE OF REQUEST: (please also state if this is a percentage of the total value of the project or full funding)

3200 x 1920 x 119 mm portable all weather screen with 150 high resolution range and all app with VAT £20,000

FODH raises money to be spent on projects and equipment to enhance pupils' experience of being at the school. Why do you believe this funding will benefit the pupils of Danes Hill?

Pupils of all abilities involved in multiple sports will have the opportunity to feel like professionals, whether it is seeing the score of their teams or themselves in match or training action on the Danes Hill fields, pool or astroturf. It will also enhance the outdoor learning opportunities across the school. As an example all children from Years 2 – 8 will benefit from this on sports day when we very much hope to have this up and running, showing both updated scoring, as well as live footage of children's events, as well as the parent race!
